

Vision: Platform for early-stage European tech startups positively shaping a better tomorrow.

Our USP: the xdeck platform

In the **xdeck accelerator** we provide equity- and cost-free operational support to early-stage B2B tech founders.

xdeck ventures is our venture capital fund investing in the best companies from our accelerator cohorts and beyond.

Our **xdeck community** consists of startup founders and operators, entrepreneurial mentors and innovative (corporate) partners - all funneled by an experienced team.

Who is the target group?

We focus on and invest in early-stage B2B tech startups with first commercial traction that solve a real pain point for customers. In addition, we look for determined founder teams with deep domain expertise. Core focus:
